

I'm writing about my favorite radio station K-LOVE. It is wonderful for my mood, enjoyment, helpful at home, in the car, at work. The station helps me in San Jose...and where ever I drive. I don't want it to be replaced, removed, or changed. The programs are beneficial as they are, encouraging, positive, helpful for me as a grandmother, to my children, to the grandchildren....all of us. And that's just family. My friends, groups, guests enjoy the music and encouragement also. What a blessing to have positive programs instead of all the other/negative/discouraging types. I believe that K-LOVE serves a positive position to myself and the rest of the public for the very reasons that I already stated. It is positive, encouraging, uplifting, honest, supportive, and often humorous...such necessary services to my life and those around me. Please, PLEASE don't remove or change this fabulous station..K-LOVE. Thank you so much for this opportunity to let you know how I feel. Can I sign for myself, my husband, the kids and grandkids? That would be a total of let's see, 15 of us. Terry Ellick
